The diagram illustrates a network of entities and their relationships. At the top, there are three nodes labeled "EPC". Below these, a central node labeled "EPC" is connected to several other nodes. To the left of the central "EPC" node is a node labeled "2021". To the right of the central "EPC" node is a node labeled "EPC". Below the central "EPC" node is a node labeled "EPC". The diagram also includes a node labeled "EPC" at the bottom left, a node labeled "EPC" at the bottom right, and a node labeled "EPC" at the bottom center. The nodes are connected by lines, forming a complex network structure.
